## PREFACE

This Code constitutes a complete recodification of the laws of the Town of Vestal, New York of a general and permanent nature.

Source materials used in the preparation of the Code were the 1966 Code, as supplemented through March 25, 1987, and local laws subsequently adopted by the town board. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the comparative tables appearing in the back of this volume, the reader can locate any section of the 1966 Code, as supplemented, and any subsequent local law included herein.

The chapters of the Code have been conveniently arranged in alphabetical order and the various sections within each chapter have been catchlined to facilitate usage. Footnotes which tie related sections of the Code together and which refer to relevant state laws have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this volume.

### *Numbering System*

The numbering system used in this Code is the same system used in many state and municipal codes. Each section number consists of two component parts separated by a dash, the figure before the dash referring to the chapter number and the figure after the dash referring to the position of the section within the chapter. Thus, the first section of Chapter 1 is numbered 1-1 and the second section of Chapter 1 is 1-2. Under this system, each section is identified with its chapter and at the same time new sections or even whole chapters can be inserted in their proper place simply by using the decimal system for amendments. By way of illustration: If new material consisting of three sections that would logically come between sections 1-10 and 1-11 is desired to be added, such new sections would be numbered 1-10.1, 1-10.2 and 1-10.3 respectively. New chapters may be included in the same manner. If the new material is to be included between Chapters 4 and 5, it will be designated as Chapter 4.5. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject, the next successive number being assigned to the article or division.

### *Index*

The index of the Code has been prepared with the greatest of care. Each particular item has been placed under several headings, some of the headings being couched in lay phraseology, others in legal terminology, and still others in language generally used by municipal officers and employees. There are numerous cross references within the index which stand as guideposts to direct the user to the particular item in which he is interested.

**Local Law No. 8 of the year 1989**

**PROPOSED LOCAL LAW "J" OF THE YEAR 1989**

A local law Adopting the Recodification of the Town Code of the Town of Vestal and Setting Forth Penalties For Violation.

Be it enacted by the Town Board of the Town of Vestal as follows:

**Section 1.** The Code entitled the *Code of the Town of Vestal*, published by the Municipal Code Corporation, consisting of Chapters 1 through 24, each inclusive, is adopted.

**Section 2.** All ordinances and local laws of a general and permanent nature enacted on or before February 1, 1989, and not included in the Code or recognized and continued in force by reference therein are repealed.

**Section 3.** The repeal provided for in Section 2 hereof shall not be construed to revive any ordinance or local law that has been repealed by a subsequent ordinance or local law that is repealed by this local law.

**Section 4.** Unless another penalty is expressly provided, every person convicted of a violation of any provision of the Code or any rule or regulation adopted or issued in pursuance thereof, shall be punished by a fine of five hundred dollars (\$500.00) or by imprisonment not exceeding fifteen (15) days, or by both, as provided in Section 1-8 of the Code. The penalty provided by this section, unless another penalty is expressly provided, shall apply to the amendment of any Code section, whether or not such penalty is reenacted in the amendatory law. In addition to the penalty prescribed above, the Town may pursue other remedies, such as abatement of nuisances, injunctive relief and revocation of licenses or permits.

**Section 5.** Additions or amendments to the Code, when passed in the form as to indicate the intention of the Town to make the same a part of the Code, shall be deemed to be incorporated in the Code, so that reference to the Code includes the additions and amendments.

**Section 6.** Local laws adopted after February 1, 1989, that amend or refer to legislation that have been codified in the Code shall be construed as if they amend or refer to like provisions of the Code.

**Section 7.** This local law shall take effect immediately upon filing with the Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.

## Checklist of Up-to-Date Pages

(This checklist will be updated with the  
printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.
