

Levee Systems, Flood Risk Management and Preparedness

Hosted by U.S. Army Corps of Engineers

Join federal, New York state, county and local agencies for a public meeting to discuss benefits, concerns and risks associated with levee systems in **Broome, Chenango and Tioga counties**. Formal presentations start at 7 p.m. and will be preceded and followed by an open house forum in which attendees can speak to participating agencies to include FEMA and local emergency management

TIME: 6:30 - 8:30 P.M.

DATE: Wednesday, July 18, 2018

Smart Energy Building at Binghamton University
85 Murray Hill Road, Vestal, NY

Join Us!

Flood risk management is a shared responsibility, and this meeting provides a unique opportunity to meet with and learn from agency experts with a vested interest in managing flood risk in New York.

NYSDEC Region 7 Levee Risk Communication Meeting

Baltimore District has also promoted through social media and will continue to do so. We also created an event on Facebook, so feel free to share on your own social media pages.
