### **END OF CONSENT AGENDA**

### **ADDITIONAL PUBLIC COMMENTS**

A speaker feels that the Town should not approve a change order after a job is awarded at the bid price. Supervisor Schaffer explained that the change order was justified because the calculation error was made by the Town.

A speaker noted that it has been established that earthquakes in Ohio, Oklahoma, England and Canada were directly attributed to gas fracking.

### **OTHER NEW BUSINESS**

#### **Replace Walk Behind Mower for Parks Department**

Councilwoman Messina noted that this is the second time that the Parks Superintendent has asked for money from the contingency line and wonders why the list of surplus equipment that was to be sold to fund the purchase of a new mower is not in the motion.

Supervisor Schaffer explained that Town policy only allows a small portion of money raised through inventory sales to be returned to a department. The balance goes into the general fund. The Parks Superintendent submitted a list of items that could be sold in an effort to cover this unexpected expense, but this is an issue that should be reviewed separately.

## Regular Meeting of the Vestal Town Board June 11, 2014

Councilman Majewski and Councilwoman Fitzgerald noted that this is the peak mowing season and that the replacement of this mower is necessary.

Councilwoman Messina stated that she will reluctantly support this motion but intends to meet with the Parks Superintendent to address some budgeting issues.

**R164-14** On a motion of Councilman Majewski, seconded by Councilwoman Fitzgerald, the following resolution was

**ADOPTED** Ayes 4 Majewski, Fitzgerald, Messina, Schaffer
